Jesus was in a house one day speaking to a crowd. Some people were carrying a paralysed man on a mat, but they couldn't get near to Jesus. They dug a hole in the roof and lowered their friend down into the room. Jesus said to him 'I forgive your sins', then he said 'Stand up, pick up your mat and go home'. The man was healed!
Stick the friends on the top of the roof section. Position them so that they are either side of the gap.

Cut out the roof and stick it where you have put the glue. Leave the middle section without glue so that the paralysed man can be dropped through.

Stick Jesus on the right hand side of the room. Stick the crowd on the left hand side of the room.

Cut out the mat with the paralysed man. Attach pieces of wool 30cm long at each side of the mat. (ask an adult to make the holes)

Ask an adult to make small holes through the hands of the friends and poke the other ends of the wool through to the back. Tie the ends together.

Now lower the man down through the roof. If you have time, you could draw some more people in the crowd.
